

How you can view 'Meet the Members' live stream on your Computer

Finding the Stream

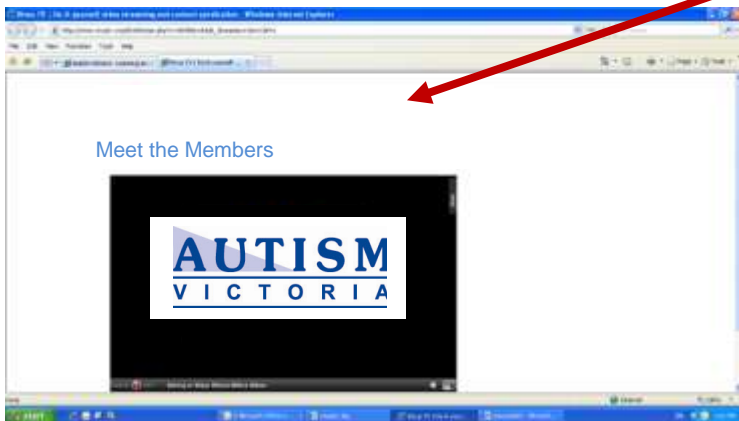

Open the Autism Victoria website www.autismvictoria.org.au

Click on 'State Election tab 2010' on the left hand side

Under the heading 'Meet the Members' you should see this live streaming video box

This is where you view the stream.

At 7.30pm on Monday October 18th, you will see the video box buffer to 100% and then the stream will begin.

PLEASE NOTE: Due to the large number of people may want to watch this event at home we encourage you to log onto the Autism Victoria website at least 20 minutes before the event is due to start. This will ensure that your computer has time to buffer the stream so you don't miss anything.

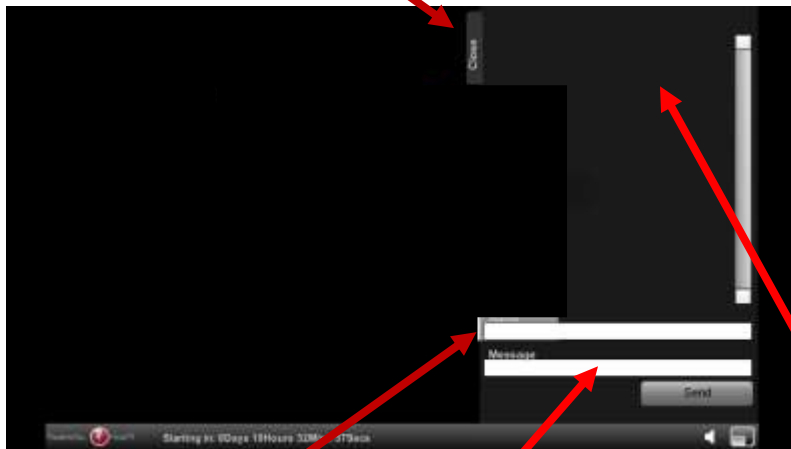

Using the chat box for questions

During the presentations, you will be able to ask the speakers questions by entering in your question in the chat box.

You can do this by clicking on the chat tab.

The tab will slide across and you should see this box.

Type the name of your regional site here. (eg. Geelong)

Type in your question here, then press SEND.

Your question will appear straight away. Everyone watching the stream will see your message, so be careful when you make comments and ask questions.

PLEASE NOTE: There may not be time to ask speakers all the questions that people type in.
